

## **Mental Health Coordinator**

### *Full-time Position*

The Edmonton Southside Primary Care Network is expanding its mental health services. The Mental Health Coordinator will assist in the continued development and delivery of the Networks mental health program. This individual will;

- coordinate the delivery of some mental health care services to network patients; and,
- assist in meeting the psycho-social needs of these patients in accordance with professional practice standards.

You will work with Family Physicians in the community who are members of the Network, other health professionals and local and regional programming to ensure a high quality of evidence-based primary health care.

If you are a Registered Social Worker or Registered Psychiatric Nurse with at least 5 years experience in community-based mental health and are seeking an exciting, challenging and rewarding opportunity in primary care, please submit your resume to:
