

Are you seeking a boring, routine job that doesn't offer any growth, education or career satisfaction? **DO NOT APPLY FOR THIS OPPORTUNITY!!**

The South Calgary Primary Care Network (SCPCN) provides comprehensive primary care services to the population living within the South Calgary area. The SCPCN is an agreement between the Family Physicians in this area and Alberta Health Services. The SCPCN has an operations team that explores and implements innovative service delivery strategies that are patient-focused, enhance timely access, and advance comprehensive care.

We are recruiting LPN's to join our interdisciplinary teams, as we continue to build on the success of this health delivery model. Duties will include assessment, screening, education and assisting in the implementation of programs and services to the full breadth of your clinical scope.

If you are a great problem solver, demonstrate initiative, communicate clearly and work well in a fast paced, multifaceted, collaborative environment, then this opportunity is for **YOU!**

Qualifications:

- Current CLPNA registration

Requirements:

- Basic computer skills
- Competent in relevant technical nursing skills
- Willingness to learn new skills
- Ability to work independently, as well as a team member
- Recent Family Medicine experience considered an asset

Competitive salary and benefits.

Please forward cover letter and resume to:

Donna Unterschultz
